Arrangements have already been made for accommodating hundreds of the veterans, but it is said that more accommodations are needed, else the veterans will be compelled to camp in war fashion. This, it is hoped, will not be necessary.

In honor of the old soldiers East St. Louis is putting on ine gayest holiday artire. Many of the business men decorated their places in time for the Dedication exercises in St. Louis and the others will decorate their houses to-day. Five arches have been erected in various parts of the city and these will be handsomely decorated to-day.

Wednesday will be the big day of all. On that day the veterans, military companies and civic societies will parade. The programme for the three days will be as follows:

FRIENDS HUNT SLAYER RAILWAYS CONTINUE OF ERNEST STEPHENS

Companions Hope to Capture Assassin Who Shot Young Man Down in His Own Room.

SOUTHWEST BEING DEVELOPED. NEW CLEWS ARE REVEALED.

Now Believed That Murder Was Done by Some Person Who Was Familiar With Surroundings.

Pleasant Green, Mo., May 2.-Some private letective work on the part of the friends of Ernest Stephens, who was shot down in his room here Wednesday night, is expected to bear fruit in the next few days. While the authorities feel that the case is a hopeless mystery, the maze of which they can-

not pierce, the friends of the dead man are still hopeful of avenging the murder. Several of these friends are quite well off no expense to run down the culprit. No cause for the deed has yet come to light. Why any one should have wanted to shoot down this young man, who apparently had not a foe in all the world, is more than the authorities or his friends can explain. It is agreed that the assassin was familiar with the town. Young Stephens was employed in Judge Ferguson's general merchandise store. He closed up at 8:30 o'clock on the night of the tragedy and repaired to his room in a local hotel. A few minutes later, while he was preparing for bed, someone shot him in the back through his room window with a shotgun loaded with buckshot. had not a fee in all the world, is more than

Attracted by the report, many persons ran to the room where Stephens was found lying on the floor unconscious. In an hour he was dead.

In the excitement no one thought of the murderer until he had time to escape.

FORMER GOVERNOR SEAY STAYS AFTER DEDICATION.

Well-Known Oklahoma Man, Who As-

sisted in Laying First Railroad in

Missouri, Interested in St. Louis.

Former Governor A. J. Seay of Oklahoma probably will be the last World's Fair Dedication visitor in St. Louis. The Governor is at the Lindell Hotel and he intends to remain for a week. He wants to see St. Louis under normal conditions.

Governor Seay is not a stranger in Missouri. He was a resident of this State for fifty-four years. He is 70 years old, and has spent the greater part of his life in the Imperial State. He is probably the only surviving member of the force of men who shoveled dirt for the first railroad tracklaid in the territory included in the Louisiana Furchase. That was in 1854. The work was done in Osage County. Missouri, and the railroad was the Missouri Pacific. Governor Seay was then a young man and he was employed for six months on the construction of what was the first division of the Missouri Pacific Railroad.

The Governor went to Okianoma thirteen years ago, and was second Governor of that Territory, being appointed by President Harrison. Although born in Virginia and reared in Missouri, he is a Republican. He says he was an Abolistionist before he was out enough to vote, and when he oid become old enough to cast a ballot there was only one crowd—the Republicans—that he could train with.

TO BUILD EXTENSIONS

Absorption, Construction Will Exceed Last Year's Record.

Notwithstanding Systems' Policy of

Southern States Will Make an Unusually Large Addition to the Mileage This

Year.

Road building this year will more than equal the record of last year, notwithstanding the concentration and absorption policies of the great systems, by which it would appear they are striving to avoid building extensions.

The mileage added last year was 5,654 miles, in addition to which there are about 2,000 miles of line graded, on a considerable portion of which track has been laid since

the beginning of this year.

The following table will show the geo-graphical location of lines under construction as well as those under contract. The miles under contract are given as "contract miles," those under construction are given as "construct miles":

New England States Miles.

Middle States 5 59
South Atlantic States 99
Guit and Mississippi Valley States 1,115
Central Northern States 59
Northwestern States 425
Southwestern States 427
Facine States 78

Of the miles under contract 5,000 may be said to be new, of which over 5,000 miles are being built in the interest of eighteen companies in the South and Southwest. The Rock Island has 450 miles under contract, the Frisco 755 miles, the Missouri Pacific has 491 miles under construction in Louistana, Arkansas and Missouri and considerable other important work laid out, the Wabash has 288 miles, the Missouri, Kansas & Texas has 364 miles, most of which will be located in Oklahoma, New Mexico and Arizona, with a still larger mileage expected to be added this year.

Nearly one-half of the mileage is credited to the Southern States, and next to the Southern States the Southern States will make the largest contribution to the mileage this year.
